

# NEW OCNJ BAYSIDE / WATERSPORTS EVENT

Dear Business Owner,

For the first time ever, the Ocean City Chamber of Commerce is hosting an event solely focused on Ocean City's water sport and bayside businesses! The goal of this event is to promote the many water sport businesses that Ocean City has to offer, that many locals and visitors may not know exist.

The event will be similar to the block party in that businesses are invited to set up a booth to show off what they have to offer. Businesses are encouraged to bring along products to display such as kayaks, jet skis, stand up paddle boards and apparel as well as gift cards and merchandise to sell.

The event will be held this summer on a Saturday in the month of June at the city park on 2nd and Bay. The specific details surrounding the event, including the exact date, should be released within the next two weeks. In the meantime, we are actively searching for businesses who would be interested in participating in this exciting event!

Other activities will be provided to the public at the event such as live music, food vendors, and activities such as a rock wall, bounce house and yard games. Since all of our businesses cater to families, we are aiming to make this a fun family event that kids of all ages will want to attend.

Below is the pricing information for the booth / sponsorship levels. Please let me know as soon as possible if your business would like to participate in the event as we anticipate spots to fill up quickly.

Thank you for your time and we hope to see you there!
